The RSS may use the application feedback for internal staff training and development. We will anonymize the feedback by removing identifying information such as name, project title, and/or reference number. The RSS will not redistribute, share, edit, or reuse the feedback for purposes outside of internal training activities. The feedback will be stored in our encrypted electronic database, which has restricted access for RSS staff only.

Additionally, please fill in our 2-minute feedback form. This will help us review and improve the service.

Thank you for your time! We look forward to hearing from you.

Best regards

Sara
